About FemSTEM: Catch up – Final conference

The FemSTEM Coaching partnership had the pleasure of having the final meeting of this project on 16th and 17th of May. Due to covid reasons, that meeting needed to be hybrid, what means that some of the partners were able to travel to Sheffield while others attended the meeting online. Despite this, the partners were able to discuss main topics and conclude every task successfully

Results from the Coaching circles

We had the opportunity to put in common our experiences regarding the second coaching circles sessions which took place in November. Indeed, we are so glad to announce that all the participants achieved improvements and ameliorations regarding their soft skills (this was tracked by using questionnaires) and most of them would repeat and recommend this experience:

'The sessions were fantastic'

'I wish more people had the opportunity to enjoy groups like this'

A feeling of belonging, many new inspirations and ideas, things to think about;

'will remember for sure the stories of the other women. I felt very released to hear that other women in my age have similar thoughts and concerns. I had some really bad experiences in my professional life and now I feel more encouraged'

Online E-Coaching Programme, platform and facebook

This is a little reminder to please visit our [website](#) where you will find the rules which address the most important soft skills needed for women in STEM, you will find them through the E-Coaching Programme located on the project website. Also, you can follow us in [Facebook](#) 😊

This is not a goodbye!

Firstly, we would like to thank all the lovely participants who shared their experiences and showed us their confidence. For us, it has been such a great journey to know wonderful women supporting each other while creating a atmosphere of self-assurance.

In addition, we would like to express our gratitude to all of you who haven't following this project, we invite you to bring this idea to other projects or ideas that are related. Support, recognition and collegueship is always welcome.
